

claim amendments and new claims can be found throughout the specification. No new matter has been added.

Support for the amendments to the specification can also be found in the specification. For example, support for changing "a cyclopentyl" with " $\alpha$ -cyclopentyl sarcosine" can be found at page 47, line 9. No new matter has been added.

Cancellation and/or amendment of claims should in no way be construed as an acquiescence to any of the Examiner's rejections. The cancellation and/or amendments to the claims are being made solely to expedite prosecution of one set of claims to subject matter of potential clinical and/or commercial significance. Applicants reserve the option to further prosecute additional claims, including without limitation claims of the same or similar scope as the claims formerly pending in the instant patent application.

**Conclusion**

If a telephone conversation with Applicant's Attorney would expedite prosecution of the above-identified application, the Examiner is urged to call the undersigned at (617) 832-1000.

Respectfully submitted,

---
